urban living interiors

Anna Gravelle is one of the emerging young British designers whose work will be showcased in **Young, Fresh & British**, an Open Studio event curated by Mark Riese, creative director at **urban living interiors**, to be held at their design studio and showroom in Fitzrovia throughout the **London Design Festival**.

Inspired by the candlewick bedspread she had on her bed growing up in the 70's, Anna has revived this tufting technique for her smart textile designs including a range of cubes, cushions and throws in cool grey, monochrome and vivid brights.
