2 You'll have to be quick to get one of Pinch's Nim coffee tables, £4350, as this limited edition is sure to sell out fast with just a run of 50. Crafted from Jesmonite, a manmade composite, each one is hand-layered and painted in inky hues.

3 Lladró describes its Mademoiselle collection as 'the ladies of light' and we think it's a fitting description. The softly contoured shades, reminiscent of crinolines, will bring a feminine touch to any room. The chandelier is priced £9500.

4 The industrial semi-matt finish of Caesarstone's Raw Concrete quartz is a warm, soft grey that acts as the perfect backdrop for bold colours and warm metallics. Prices start at £395 per sq m, exclusive of worktop fabrication costs.
